INDEX TO VOLUME 56

The volume is indexed by SUBJECTS, AUTHORS, AND BOOK REVIEWS, in that order.

SUBJECTS

Adolescence

Adolescent sexual offenders: offender and offense characteristics, 225
Delinquency cessation and adolescent development: preliminary data, 212
More than playing house: a developmental perspective on the strengths in teenage motherhood, 347

Adolescent Pregnancy

More than playing house: a developmental perspective on the strengths in teenage motherhood, 347

AIDS

Fear of AIDS: implications for mental health practice with reference to ego-dystonic homosexuality, 634

Alcohol Misuse

Alcoholism and severe child maltreatment, 481

American Orthopsychiatric Association

Planning for mental health: the immediate agenda, 4
Research agenda, 340

Behavior Problems

Attention and impulsivity characteristics of the biological and adoptive parents of hyperactive and normal control children, 413
Behavior in four-year-olds who have experienced hospitalization and day care, 612
Behavior problems of clinic children: relation to parental marital status, age and sex of child, 399
Multinational, cross-cultural perspective on hyperactivity, 323
Multivariate risk model for child behavior problems, 204
Similarities in behavioral and social maladjustment among child victims and witnesses to family violence, 142
Vicissitudes of follow-up studies: differential effects of parent training and stimulant medication with hyperactives, 184

Bereavement

Impact of self-help groups on the mental health of widows and widowers, 435

Biological Factors

Attention and impulsivity characteristics of the biological and adoptive parents of hyperactive and normal control children, 413

Child Abuse/Neglect

Alcoholism and severe child maltreatment, 481
Allegations of sexual abuse in child custody disputes: a therapeutic assessment model, 560
Child abuse and pediatric social illness: an epidemiological analysis and ecological reformulation, 589
Conceptual model for judging the truthfulness of a young child's allegation of sexual abuse, 550
Displacement of affect in families following incest disclosure, 570
Father-daughter sexual abuse, 531
Maternal-neonatal incest, 577
Returning children home: clinical decision making in cases of child abuse and neglect, 253
Three forms of factitious illness in children: when is it Munchausen Syndrome by proxy?, 602
Treatment recommendation, implementation, and follow-up in child abuse, 478
Treating sexually abused children: issues of blame and responsibility, 303
Victim-to-patient process: the disconfirmation and transformation of abuse, 360

Child Care

Behavior in four-year-olds who have experienced hospitalization and day care problems, 612
Building social support systems through a babysitting exchange program, 103
Effects of infant day care: another look at the evidence, 26
Environmental ratings and children's social behavior: implications for the assessment of day care quality, 271
Federal model child care standards of 1985: step in the right direction or hollow gesture?, 56
Infant and toddler day care: regulations and policy implications, 43
Issues for working parents, 14
Mothers' perceptions of their children's supplemental care experience: correlation with spousal relationship, 581

Child Custody

Allegations of child sexual abuse in child custody disputes: a therapeutic assessment model, 560
Joint versus maternal custody for families with latency age boys: parent characteristics and child adjustment, 486
Returning children home: clinical decision making in cases of child abuse and neglect, 253

Child Development
Family correlates of temperament continuity and change across middle childhood, 195
Multivariate risk model for childhood behavior problems, 204
Reality perceptions of television: a preliminary comparison of emotionally disturbed and nonhandicapped children, 147
Stranger reaction and elective mutism in young children, 458

Child Psychiatry
Levels of borderline functioning in children: etiological and treatment considerations, 109
Major depression in a five-year-old, 617
On the development of the "borderline-child-to-be," 450
Outcome in psychoeducational day school programs: a review, 263
Stranger reaction and elective mutism in young children, 458

Child Rearing
Behavior problems of clinic children: relation to parental marital status, age and sex of child, 399
Children's beliefs about punishment, 308
Effects of infant day care: another look at the evidence, 26
Infant and toddler day care: regulations and policy implications, 43
Issues for working parents, 14
Maternal relationship history as an indicator of developmental risk, 385
Psychosocial adjustment of poor Mexican mothers of disabled and nondisabled children, 289
Relationships between variations in parents' attitudes and personality traits of hemophilic boys, 424

Community Mental Health
Assessing the role of social network interventions with an inner-city population, 278
Community mental health services in transition: who is benefiting?, 78
Social action model of intervention for difficult to reach populations, 625
Survival strategies in community mental health: a study of management consensus, 630

Delinquency
Delinquency cessation and adolescent development: preliminary data, 212

Depression
Major depression in a five-year-old, 617

Diagnosis and Classification
Covert complex partial seizures in psychotherapy, 323
On the development of the "borderline-child-to-be," 450
Three forms of factitious illness in children: when is it Munchausen Syndrome by proxy?, 602

Divorce
Allegations of child sexual abuse in child custody disputes: a therapeutic assessment model, 560
Joint versus maternal custody for families with latency age boys: parent characteristics and child adjustment, 486
Parental divorce in young adulthood: some preliminary findings, 470
Women after divorce: preliminary report from a ten-year follow-up, 65

Eating Disorders
Absence of early feeding problems among bulimic women: observations from parental interviews, 313

Ego Development/Self-Concept
Levels of borderline functioning in children: etiological and treatment considerations, 109

Emotional Disturbance
Hospitalization of emotionally disturbed children: who gets hospitalized and why, 317
Reality perceptions of television: a preliminary comparison of emotionally disturbed and nonhandicapped children, 147

Ethnicity/Race
Applicability of the temperament construct to black South African children, 622

Families
Displacement of affect in families following incest disclosure, 570
Mothers' perceptions of their children's supplemental care experience: correlation with spousal relationship, 581
Ongoing multifamily group in a women's shelter, 120
Problems in transition following bone marrow transplantation: psychosocial aspects, 244

Family Violence
Beliefs about punishment, 308
Cultural considerations in the assessment and treatment of intrafamilial abuse, 131
Histories of violence in an outpatient population: an exploratory study, 137
Ongoing multifamily group in a women's shelter, 120
Similarities in behavioral and social maladjustment among child victims and witnesses to family violence, 142
Victim-to-patient process: the disconfirmation and transformation of abuse, 360

Fathers
Father-daughter sexual abuse, 531

Group Issues
Building social support systems through a babysitting exchange program, 103
Ongoing multifamily group in a women's shelter, 120

Hospitalization
Behavior in four-year-olds who have experienced hospitalization and day care, 612
Hospitalization of emotionally disturbed children: who gets hospitalized and why, 317

Homosexuality
Fear of AIDS: implications for mental health practice with reference to ego-dystonic homosexuality, 634

Hyperactivity
Attention and impulsivity characteristics of the biological and adoptive parents of hyperactive and normal control children, 413
Multinational, cross-cultural perspective on hyperactivity, 320
Vicissitudes of follow-up studies: differential effects of parent training and stimulant medication with hyperactives, 184

Infancy
Effects of infant day care: another look at the evidence, 26
Infant and toddler day care regulations and policy implications, 43
Issues for working parents, 14

Marital Therapy
Quid quo pro revisited: the basis of marital therapy, 371

Mental Health Care System
Community mental health care services in transition: who is benefiting?, 78
Planning for mental health: the immediate agenda, 4
Private practice and the purchase of services: who are the practitioners?, 89
Research agenda, 340
Survival strategies in community mental health: a study of management consensus, 630

Mother-Child Relationship
Maternal-neonatal incest, 577
Maternal relationship history as an indicator of developmental risk, 385
More than playing house: a developmental perspective on the strengths in teenage motherhood, 347

Parent Education
Stress management training for parents and their children undergoing cardiac catheterization, 234
Vicissitudes of follow-up studies: differential effects of parent training and stimulant medication with hyperactives, 184

Pediatrics
Child abuse and pediatric social illness: an epidemiological analysis and ecological reformulation, 589
Problems in transition following bone marrow transplantation: psychosocial aspects, 244
Stress management training for parents and their children undergoing cardiac catheterization, 234

Physical Disability/Illness
Covert complex partial seizures in psychotherapy, 323
Fear of AIDS: implications for mental health practice with reference to ego-dystonic homosexuality, 634
Problems in transition following bone marrow transplantation: psychosocial aspects, 244
Psychosocial adjustment of poor Mexican mothers of disabled and nondisabled children, 289
Relationships between variations in parents' attitudes and personality traits of hemophilic boys, 424
Stress management training for parents and their children undergoing cardiac catheterization, 234

Poverty
Assessing the role of social network interventions with an inner-city population, 278
Psychosocial adjustment of poor Mexican mothers of disabled and nondisabled children, 289
Social action model of intervention for difficult to reach populations, 625

Psychopharmacology
Vicissitudes of follow-up studies: differential effects of parent training and stimulant medication with hyperactives, 184

Psychotherapy
Covert complex partial seizures in psychotherapy, 323
Do therapists vary much in their success? findings from four outcome studies, 501
Effectiveness of psychotherapy: an introduction, 500
Frank's "common elements" in psychotherapy: nonspecific factors and placebos, 521
Nonspecific hypothesis of therapeutic effectiveness: a current assessment, 513

Research
Research agenda, 340

Rural Mental Health
Cultural considerations in the assessment and treatment of intrafamilial abuse, 131

Self-Help Groups
Building social support systems through a babysitting exchange program, 103
Impact of self-help groups on the mental health of widows and widowers, 435

Sexual Abuse
Adolescent sexual offenders: offender and offense characteristics, 225

Allegations of child sexual abuse in child custody disputes: a therapeutic assessment model, 560
Conceptual model for judging the truthfulness of a young child's allegation of sexual abuse, 550
Displacement of affect in families following incest disclosure, 570
Father-daughter sexual abuse, 531
Histories of violence in an outpatient population: an exploratory study, 137
Maternal-neonatal incest, 577
Treating sexually abused children: issues of blame and responsibility, 303
Victim-to-patient process: the disconfirmation and transformation of abuse, 360

Social Behavior

Environmental ratings and children's social behavior: implications for the assessment of day care quality, 271
Similarities in behavioral and social maladjustment among child victims and witnesses to family violence, 142

Social Networks

Assessing the role of social network interventions with an inner-city population, 278
Building social support systems through a babysitting exchange program, 103

Social Policy

Effects of infant day care: another look at the evidence, 26
Federal model child care standards of 1985: step in the right direction of hollow gesture?, 56
Infant and toddler day care: regulations and policy implications, 43
Planning for mental health: the immediate agenda, 4

Sociocultural/Cross-Cultural Issues

Applicability of the temperament construct to black South African children, 622
Cultural considerations in the assessment and treatment of intrafamilial abuse, 131
Multinational, cross-cultural perspective on hyperactivity, 320
Psychosocial adjustment of poor Mexican mothers of disabled and nondisabled children, 289

Special Education

Hospitalization of emotionally disturbed children: who gets hospitalized and why, 317
Outcome in psychoeducational day school programs: a review, 263

Television

Reality perceptions of television: a preliminary comparison of emotionally disturbed and nonhandicapped children, 147

Temperament

Applicability of the temperament construct to black South African children, 622
Family correlates of temperament continuity and change across middle childhood, 195

Urban Problems

Assessing the role of social network interventions with an inner-city population, 278
Social action model of intervention for difficult to reach populations, 625

Widows

Impact of self-help groups on the mental health of widows and widowers, 435

Women

Absence of early feeding problems among bulimic women: observations from parental interviews, 313
Histories of violence in an outpatient population: an exploratory study, 137
Ongoing multifamily group in a women's shelter, 120
Women after divorce: preliminary report from a ten-year follow-up, 65
